

IHI180

Portable Induction Machine.

DIMENSIONS:

length 550mm

width 560mm

height 1009mm

WEIGHT: kg 130

POWER: 18KVA

MAIN TECHNICAL CHARACTERISTICS:

- Input voltage: 400V 50Hz 3 Ph.
- Frequency: 15-30KHz
- Protection : IP 21
- N. 1 inductor connection cable - L = 4 Mt
- Display for viewing the parameters
- Liquid cooling system
- Accurate output power regulation 10-100%
- Micro-USB port for software updates

ACCESSORIES :

- ✓ Foot pedal remote control (optional on request)

SunTec
HEATING SYSTEMS

Made in Italy
